# ISOMETRIC DRAWINGS

- **Question:** Use the given orthographic views and convert it into an isometric drawing.

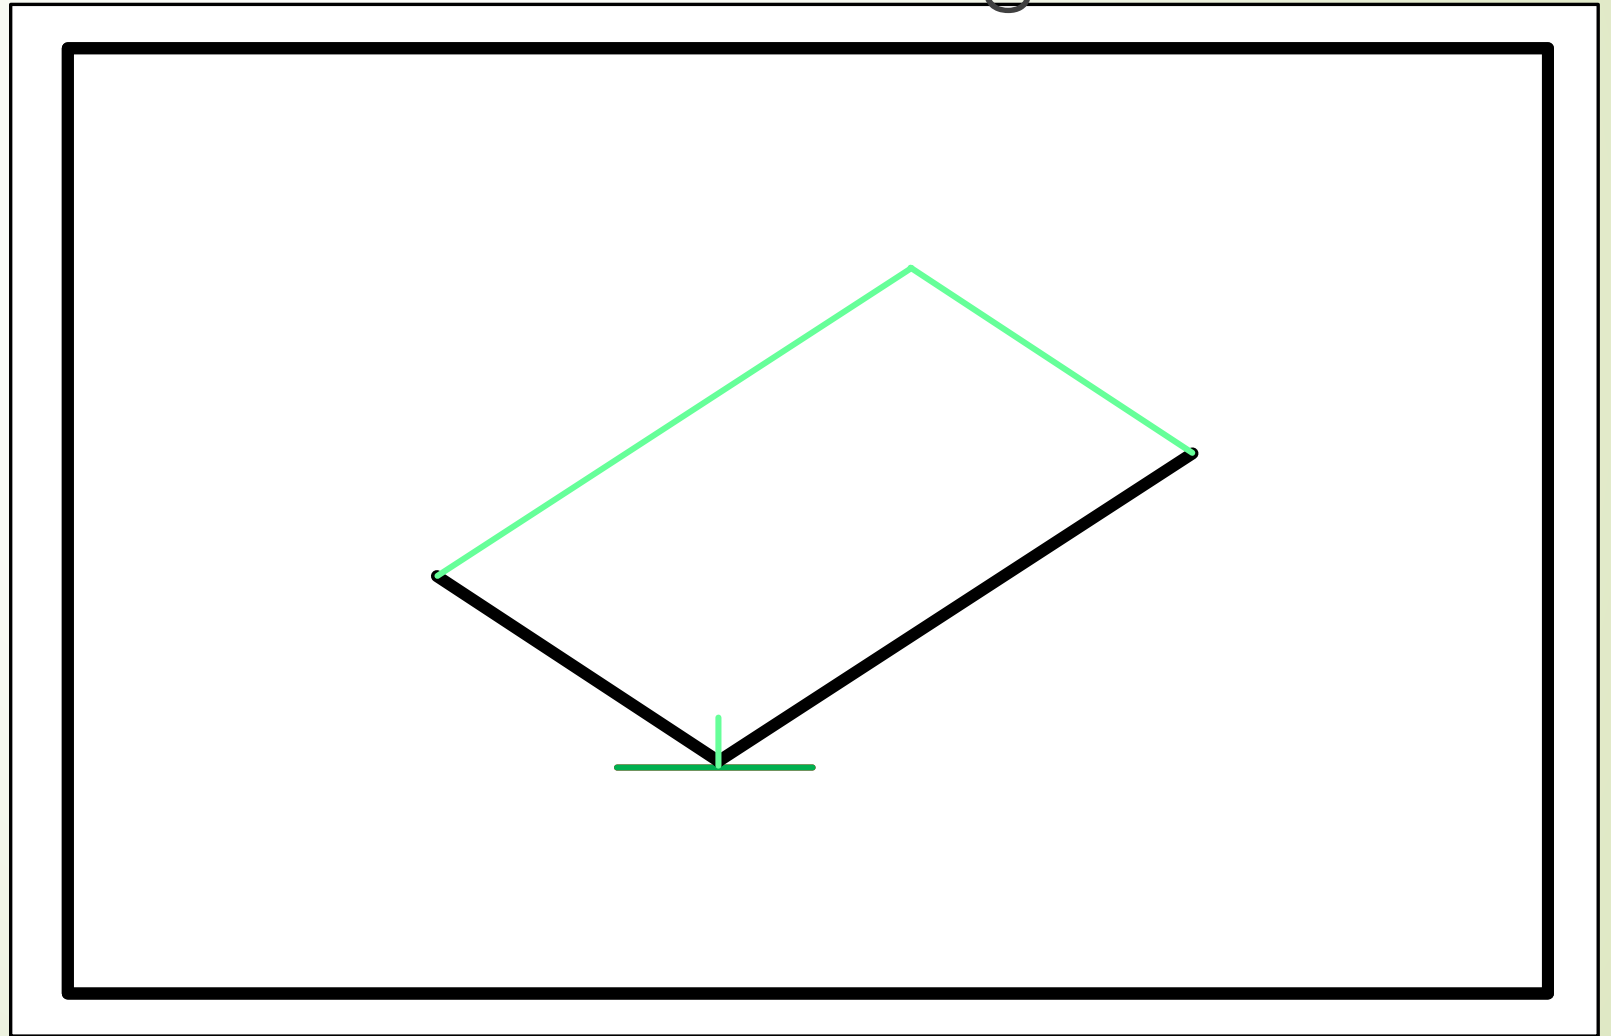

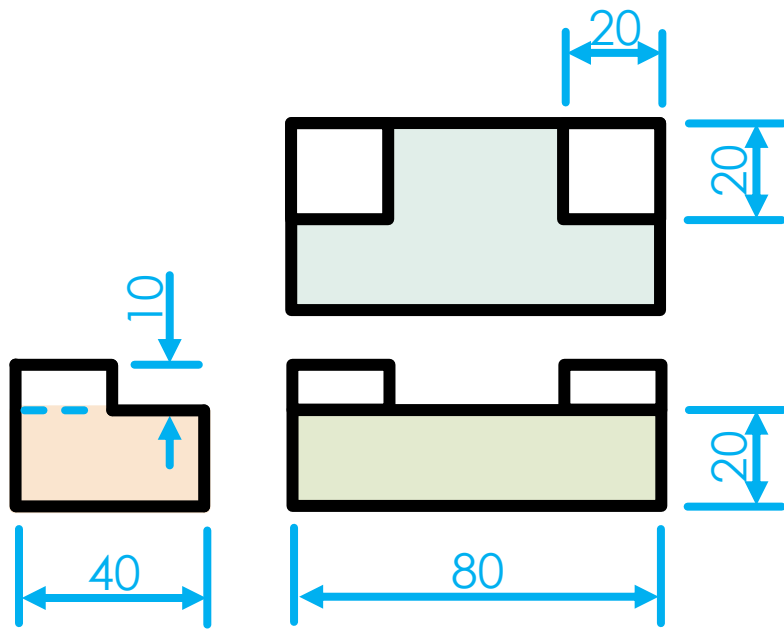

# ISOMETRIC DRAWINGS

- Start from the **bottom** and build the object to the **top**.

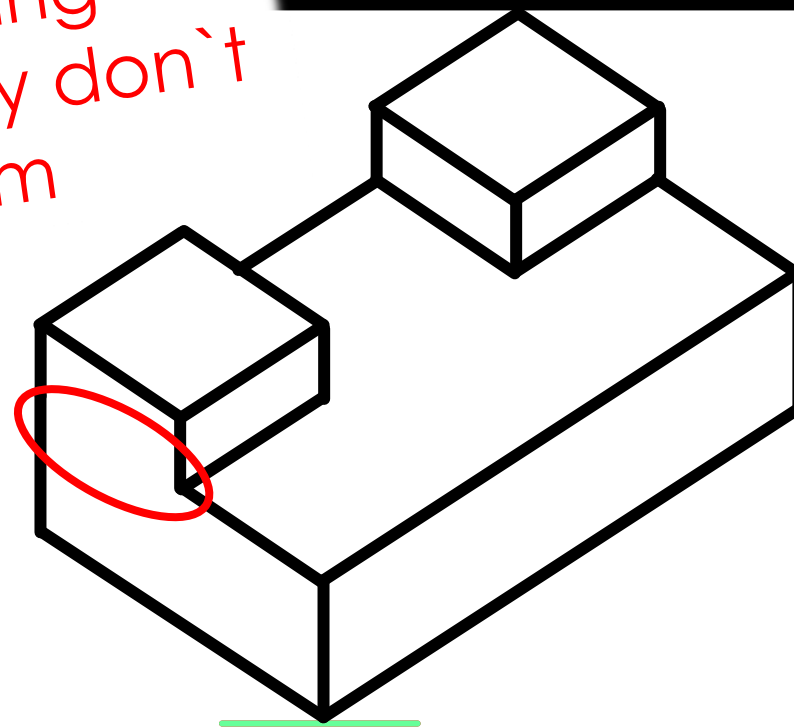

# ISOMETRIC DRAWINGS

- **Question:** Use the given orthographic views and convert it into an isometric drawing.

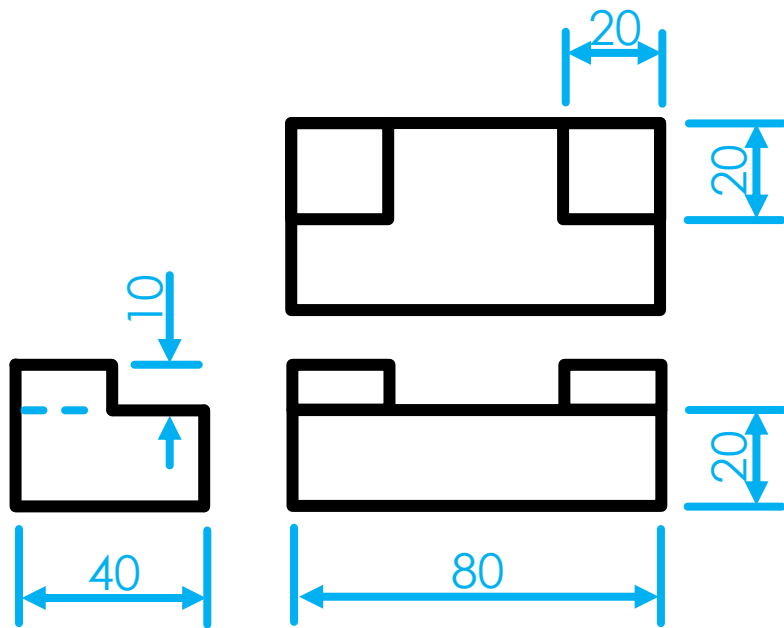

*If it is a casting  
you normally don't  
show a seam*

# ISOMETRIC DRAWINGS

- Show only hidden detail if required or when necessary for clarity.

Should hidden detail be required
